The bill regulating barbers, their shops and condition of their tools and bath rooms, has been signed by the Governor and is now a law. The bill provides that it shall be unlawful for any person in first, second and third class cities to follow barbering unless he has received a certificate from a Board of Examiners to be appointed by the Governor.

Representative Moss has discovered that his predecessor, Mr. Rhea, has had shipped to Russellville 43, 250 pounds of public documents and ninety two wall maps, thus exhausting the quota allowed by the Government to the Third Kentucky district.

#### THE GREAT DISMAL SWAMP.

Of Virginia is a breeding ground of Malaria germs. So slow, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Clay City Lumber & Stave Co. guarantee satisfaction.

In strolling about the streets we are often amused to see people colliding with each other just because they don't know which way to turn out. This reminds us of a rule laid down by an old gentleman. "When you see a man," he went on to say, "always turn to the right and you won't run into anybody but a fool, and

it won't be necessary to apologize to him.

#### ADDITIONAL LOCAL.

Noah Rose has moved to the Cassidy house, vacated by J. E. Burgher, Jr.

Rev. J. H. Pence moved into the parsonage this week. Rev. Pence, and wife have been attending the Kentucky Wesleyan College at Winchester up to this time.

Wm. Mountz, Jr. has accepted a position as compositor in this office. He is authorized to take and receipt for subscriptions to the Times and etc.

The post office at Irvine was robbed Wednesday night of \$100 in cash and \$500 in stamps. A hot trail is struck and guilty parties will soon be run down, it is thought.

J. W. Barnett, has associated himself with A. E. Barnett and Son in the purchase of ties and tanbark at this point. Mr. Barnett was located here two years ago and took the premium by buying more timber than any other one in the same length of time.

G. P. Hoskins and wife left Saturday morning for Denison, Texas, where he has employment. For a time it was thought Mr. Hoskins would purchase a farm in Kentucky and remain in this state but he later declined the idea. We are very sorry that he couldn't be suited all around in a Kentucky farm.

James Jones, of Mt. Sterling, one of the oldest oil men in the State, was in Clay City Monday night. He and Wm. Mountz, of this place bored an oil well at the mouth of Hardwick's creek some thirty years ago. The well, which was sunk 600 ft. at that time, showed up some oil, but not in paying quantities. Gas was found in abundance. He thinks all that was liking was in not going further down. An attempt will be made to lease the land again and resume operations.

The Swann-Day Lumber Company's store has changed management. Geo W. Rice, of Beatyville, assumes general management. Noah Rose will be retained as salesman and S. J. Anderson as butcher. Mr. Soper, who has been general manager, goes to Natural Bridge and takes charge of the Company's store at that place. Mr. Rice is well-known to Clay City people and is extended a welcome hand. Mr. Soper has won many friends here who wish him success wherever he may be cast.

The students at the State College at Lexington are in a state of rebellion. On Tuesday night they attacked Maj. Robert A. McKee, the commandant, beating him with stones, eggs and other missiles, and drenching him with slops. D. P. Goode, a reporter who visited the college yesterday, was also attacked and driven from the grounds. Maj. McKee has resigned as commandant.

little, and he who thinks much drinks little.

#### A DOCTOR'S BAD PLIGHT.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by C. C. Lumber & Stave Co. 50c and \$1. Trial bottles free.

Nobody can expect to have his own way all the time—unless it is a woman.
